

Haven't started yet? First see: **Start Your Application**

Open the **Student and Family Information** task from your dashboard. The first section asks for your student's full name, preferred name, date of birth, gender, language(s) spoken at home, current school, and current grade level. Click **Next** when you're done.

Next

Use your student's current grade — the process handles matching them to the grade they're applying for.

2 Add parent or guardian information

Next, enter Parent/Guardian 1's full name, home address, email, and phone number. Alma will validate the address you enter. If more than one parent or guardian is involved, use [Add Parent/Guardian 1 Home Address](#) or the equivalent link to add another.

Review and submit the form

Once every section is filled in, you'll land back on a summary showing the form marked *completed* — *tap to review*. Completed isn't the same as submitted — click **Submit** at the top right to actually turn it in.

Easy to miss: even when the form says "completed," it still needs a final Submit before it counts.

Work through the remaining tasks

After you submit, your dashboard reveals the next task — starting with **Parent Agreement**. Open, complete, and submit each task the same way. More will appear one at a time: Student Self-Reflection Questions, Academic Recommendation Request, Schedule Family Interview, and Middle School Grade Report.
